

Elektriskā ieeja  
axial  
Sērija  
D  
Kabeļa garums  
3 m

## Apraksts

Electronic transducer, series D-M9P, round profile groove, version: with LED, electrical input port axial, 3-wire PNP, with 3.0 m cable

## Produkts

Apzīmējums	Definīcija	Modelis
K- 07 50 00 03	electronic signaler	with LED, with grommet, without connector
K- 07 50 00 04	electronic signaler	with LED, with M8 connector (3 pin)
K- 07 50 00 05	electronic signaler	with LED, with grommet, without connector
